AUB Repairs Wreck Outage

The vehicle wreck pictured in the left column caused a lengthy power outage Saturday night and Sunday morning. Wayne Scarbrough said that Athens Utility Board repair crews began working on the damage at about 11:45 p.m. Saturday and finished around 4:30 Sunday morning. All three phases of switch 634 on the Old Niota Road near the intersection of County Road 415 and County Road 422 were opened to isolate the broken pole and get all the required work done. Eighty-nine accounts were knocked out of power for some time during this period.
