- You may have noticed the construction going on at the Athens parking lot for the Eureka Trail. The improvements include construction of a permanent parking lot and restroom facility. While the construction is going on, Trail users entering the Athens Trailhead will be directed by signs to grass parking on the south or left side of the entrance. There are seven spaces available for vehicles only. Vehicles with trailers are asked to park at the Englewood Trailhead located at County Road 550 directly off Highway 39 across from the BP Station. The construction work will continue through mid-November.
