Two Die in Airplane Crash

The Federal Aviation Administration confirmed that a single engine Cessna 182 crashed Monday evening around 5:15 p.m. near US Highway 64 at the Bradley County - Polk County line. The FAA and the National Transportation Safety Board will investigate with the NTSB as the lead investigator. The FAA will double-check the registration of the aircraft and should make that information public today. Authorities on the scene confirmed that the two people on board the Cessna died. The plane crashed in a heavily wooded area. Neither the FAA or the NTSB will release the names of the victims. That will be done by local law enforcement.
